MODEL 4241	Long Panel, Insulated
-------------------	------------------------------

- Door sections are formed from heavy, 24-gauge galvanized draw quality steel
- Section joints are roll-formed into a tongue-and-groove design which produces a superior weather seal
- Bottom weather seal utilizes an aluminum retainer and extruded virgin vinyl
- Long-lasting rollers assure consistent, quiet and efficient operation
- Inside stiles are made of galvanized steel and stile holes are "dimpled" for increased holding power
- Extension or torsion springs are coated and individually computer-calibrated to lift your door
- Extra heavy paint system² in your choice of white, almond, sandstone, brown, or evergreen
- Optional Appearance Package³ upgrade available
- Hinges are stamped from galvanized steel in a "wide body" pattern for greater stability and longer life
- Optional automatic latching lock system opens easily from inside or outside
- **Models 2241/4241** include 1-3/8" CFC⁶ free polystyrene insulation with a vinyl back cover
- **Models 2241/4241** DASMA TDS-163 Calculated R-value¹: 6.62

For additional information, please see numbered end-notes on backside.

8' x 7' 4240 white with optional mission window inserts

For a traditional-looking, heavy-duty steel door, the 2240/41 and 4240/41 models are truly among the best around. Available in five designer colors, it is an attractive top-of-the-line door that will both compliment the looks of your home and provide dependable protection for many years. Designed to accompany a wide variety of home styles, this heavy-gauge model is fit for a long life.

Wind can be unpredictable and destructive. This is why C.H.I. Windbreaker Series and iSeries doors are designed, tested, and built to the most rugged specifications. Wind chamber tested to ensure wind-load resistance, these extra-sturdy designs provide enhanced defense against the elements.

C.H.I. Overhead Doors developed the resilient Windbreaker Series garage doors to protect against high wind conditions. The super-resilient C.H.I. iSeries Impact Approved doors have strength designed to withstand direct collision of projectiles and other windborne debris at high speeds.

C.H.I. Overhead Doors are manufactured in Arthur, Illinois, USA.

APPEARANCE PACKAGE⁵

All hardware (excluding drums, springs and cables), track, struts and torsion shaft powder coated white. White 10 ball nylon rollers included.

DOOR CONSTRUCTION

These models utilize 24-gauge exterior steel skin with 1-3/8" thick CFC⁶ free polystyrene foam insulation with a vinyl back cover. Steel end and intermediate stiles are held firmly in place by a tab-loc system, creating increased strength and rigidity.

Models 2241/4241R value¹ - 6.62
