www.chiohd.com

C.H.I. OVERHEAD DOORS

**Pictured.** 16' x 8', 8' x 8' 5241 almond doors with optional 4p and 2p arched stockton inserts and wrought iron hardware

8' x 7' 5240 white with optional madison window inserts and barcelona hardware

### MODEL 5240 Uninsulated

### MODEL 5241 Insulated

- 2" thick door sections offer the durability of tough 24-gauge draw quality steel in a pan-type product
- Extra heavy paint system<sup>2</sup> available in white, almond, sandstone or brown
- 14-gauge hinges with "wide body" pattern for greater stability and longer life
- Long-lasting durable rollers assure consistent, efficient operation
- One set of Spade decorative hardware is standard for all doors. Optional Barcelona<sup>5</sup> or Wrought Iron designs replicate an old-world look
- Exterior decorative hardware includes 4 hinges, 2 handles and pop rivets for mounting to face
- 1/8" glazing options include plain DSB<sup>1</sup>, glue chip and tinted glass with five optional insert designs
- Inside stiles are made of galvanized steel and stile holes are "dimpled" for increased holding power
- **Model 5241** include 1-3/8" CFC<sup>6</sup> free polystyrene insulation, with a vinyl back cover
- **Model 5241** DASMA TDS-163 calculated R-value<sup>7</sup>: 6.62

For additional information, please see numbered footnotes on backside.

The 5200 Series Steel Carriage House Door is truly an innovative product. Not only is it the premier carriage house door to be constructed entirely of steel, but it has been designed to give you, the homeowner, a historically accurate re-creation of the traditional wood carriage house door. C.H.I.'s Steel Carriage House Door provides the maintenance-free durability of steel and a limited lifetime warranty for years of worry-free protection. And with a diverse collection of window, hardware and color options, you can be certain to find the door that will complement your home perfectly.

# ELEGANT. DURABLE.

Wind can be unpredictable and destructive. This is why C.H.I. Windbreaker Series and iSeries doors are designed, tested, and built to the most rugged specifications. Wind chamber tested to ensure wind-load resistance, these extra-sturdy designs provide enhanced defense against the elements.

C.H.I. Overhead Doors developed the resilient Windbreaker Series garage doors to protect against high wind conditions. The super-resilient C.H.I. iSeries Impact Approved doors have strength designed to withstand direct collision of projectiles and other windborne debris at high speeds.

C.H.I. OVERHEAD DOORS DISTRIBUTED BY:

C.H.I. Overhead Doors are manufactured in Arthur, Illinois, USA.

### FOOTNOTES

**1.** C.H.I. Overhead Doors calculates R-value based on the American Society of Heating, Refrigerating, and Air-Conditioning Engineers (ASHRAE) standards of measurement. This means that C.H.I. doors have met ASHRAE criteria for determining the effectiveness of insulation. **2.** Extra heavy paint system consists of .25 mil. primer with rust inhibitor and a .75 mil. coating of baked-on polyester paint. **3.** All designer lights are either transparent or semi-transparent. For all available window options, please see our Glass Option Brochure, or visit your C.H.I. Overhead Doors Distributor. **4.** Refer to samples at your local C.H.I. Overhead Doors Distributor for exact color match. **5.** Barcelona hardware options include handles or pull-rings and hinges or corner brackets. Pull-rings and corner brackets are an additional charge. **6.** Chlorofluorocarbon (CFC) free. **7.** Double Strength B-grade (DSB) glass.

### DOOR CONSTRUCTION

These models utilize 24-gauge exterior steel skin with 1-3/8" thick CFC<sup>6</sup> free polystyrene foam insulation with a vinyl back cover. Steel end and intermediate stiles are held firmly in place by a tab-loc system, creating increased strength and rigidity.
